Careers Guidance

Our Careers Guidance Department aims to inspire, inform and support girls at Wycombe Abbey in preparing them for their future career. Throughout the year all girls have the opportunity to attend events such as the Management Conference, the Careers Seminar, the Future Tech Careers event and the 'Breaking the Mould' event, which featured inspirational female speakers including a commercial pilot, jewellery designer, structural engineer and a vicar. Every pupil at Wycombe Abbey is also a member of Futurewise, which offers an array of courses spanning career areas from law and medicine through to journalism and media.

The Sixth Form
at Wycombe Abbey

Future Ready

The Sixth Form at Wycombe Abbey provides a supportive environment for girls to reach their academic potential, nurture their individual passions, and navigate the range of opportunities available after they leave school.

Whilst important, we want girls to leave Wycombe Abbey with more than just a set of excellent academic qualifications. We want them to be independent, self-motivated learners, intellectually curious and informed global citizens, and confident, caring role models.

In short, we want them to be Future Ready.
