

English as an Additional Language (EAL) Policy

Wycombe Abbey is a high-performing academic environment and pupils require an excellent standard of English upon entry in order to succeed. Most pupils who join us are from families with English as a first language. However, we welcome pupils for whom English is an additional language (EAL).

We are committed to making appropriate provision of teaching and pastoral support for pupils for whom English is an additional language.

Aims

We aim to ensure that all EAL pupils are able to use English competently and confidently in order to access the full curriculum and play a full part in the boarding life of the community.

- To ensure as far as possible that language is not a hindrance to the development of each pupil's potential.
- To offer support, encouragement and recognition at all stages of the language learning process.
- To achieve integration in to the boarding community.
- To instil our values of trust, encouragement and mutual respect in creating an atmosphere of tolerance and understanding of cultural differences.

Objectives

To assist pupils to meet the language matriculation requirement for British and other world-renowned English Speaking Universities.

To assist pupils to access the curriculum, without prejudices, providing a sound base in core academic subjects.

To allow pupils to thrive at school, university, in their career and life in general by cultivating key skills such as resourcefulness, resilience and intellectual curiosity.

Entry Process

The level of a pupil's English is assessed through a variety of methods prior to an offer being made, including aptitude tests, written English test, oral interviews, written examinations in a variety of subjects and reports from the pupils' previous school.

Applications are reviewed by the Head of Learning Enhancement, Deputy Head (Academic), Head of English and Director of Admissions before admission to the school and any potential problems (academic or pastoral) are identified.

Further information on the entry process and scholarships is detailed in our Admissions Policy.

English Curriculum

English is a compulsory subject in U111 to UV (Years 7-11). All pupils sit IGCSE/GCSE English Language and English Literature in UV (Year 11). Pupils who join in the Sixth Form (16+ Entry) from countries where English is not the first language receive guidance on English qualifications required for entry to UK universities and are supported to gain these qualifications (usually IELTS or IGCSE English), via additional lessons either small group or individual with a specialist teacher.

Supporting EAL Pupils

On entry all pupils will be tested for English spelling, English comprehension and Dyslexia.

A list of pupils with EAL is maintained and shared with all teaching staff.

Teachers provide support for pupils with EAL in the academic lessons.

The Head of Learning Enhancement works with Housemistresses and tutors to monitor our EAL pupils' happiness and welfare.

Where it is determined additional support is needed this can be provided in the form of extra one-to-one lessons with a dedicated qualified EAL teacher who supports pupils with lessons that link to academic lessons. A charge for individual tuition in EAL is made. Please refer to the Bursary Department for current charge rates.

Special Educational Needs and Disabilities

Pupils will not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Please refer to our Special Educational Needs and Disabilities (SEND) Policy for further information on the provision of support for pupils.
